enochlucas@gmail.com

Experienced and forward-thinking professional with over 7 years of demonstrated expertise in web development and design spanning diverse industries. Accomplished projects encompassing a spectrum of over 20 websites, ranging from expansive enterprise solutions to dynamic personal blogs, both domestically and internationally. Specialized proficiency in Python, Django, JavaScript, and adept management of backend databases. A well-established history of innovative problem-solving and creative thinking. Instrumental in the inception and triumph of a thriving enterprise in Provo, Utah. An intrinsic team collaborator and entrepreneur, driven by a passion for small business ventures. Enthusiastic advocate for small business growth. Skilled in architecting and enhancing intricate systems, coupled with pronounced leadership capabilities.

Bright Bridge Web / Lead Developer

August 2016 - PRESENT, Utah

Developed and maintained multiple web applications using the Django framework, including creating models, views, and templates to deliver seamless user experiences. Implemented RESTful APIs to facilitate data exchange between front-end interfaces and back-end services, improving application responsiveness.

Cinemark / Usher

October 2015 - October 2016, Orem, Utah

Collaborated with a team of ushers to efficiently clean and prepare the theater between screenings, maintaining a clean and organized environment.

Sonic / CarHop

March 2015 - October 2015, Provo, Utah

Provided exceptional customer service by promptly taking orders, delivering meals to vehicles, and ensuring an enjoyable drive-in experience.
